PROPOSED AMENDMENT TO CLAIMS

The Examiner said amending claim 1 to include the requirements of claim 2 and 3 would place the application in condition for allowance. Applicants submit herewith proposed amendments to amend the claims as the Examiner suggested. Applicants further amended the other independent claims 14, 26, and 28 to substantially include the requirements of claims 2 and 3 added to claim 1, and also found in dependent claims 15, 16, 27, 29, and 30. In amending claim 26, Applicants added the requirements of claim 26 and the requirements found in claim 3. Applicants further corrected claim 40 to be an "article of manufacture" claim that depends from claim 26. Claims 2, 3, 15, 16, 27, 29, and 30 are canceled. Applicants authorize the Examiner to enter these amendments.

The listing of claims begins on page 2.
